<p>Key:</p> <p>Number = Supported the pro-growth position. The number indicates the points earned for that vote or action.</p> <p>A = Did not vote.</p> <p>"-" = Voted against the pro-growth position.</p> <p>I = Ineligible to vote.</p>	<p>Calculation:</p> <p>Points are tallied for all actions rated where the member was present and voting or otherwise could have taken an action (such as refusing earmarks or signing a discharge petition). After points are totaled, they are divided by the potential points a member could have earned by supporting the pro-growth position.</p> <p>To account for all votes that impact spending, taxes and significant regulations, 10 points are counted for an "A" grade in the National Taxpayers Union rating of Congress, 8 points for a "B+", 7 points for a "B" and 4 points for a "B-". Three points were awarded for signing a discharge petition that sought to force a vote on a pro-growth Energy Bill (H.R. 3089). Finally, three points were given as bonus points for sponsoring bills that would in total reduce federal spending, as measured by the NTU Foundation BillTally report.</p>

<p>Key:</p> <p>Number = Supported the pro-growth position. The number indicates the points earned for that vote or action.</p> <p>A = Did not vote.</p> <p>"-" = Voted against the pro-growth position.</p> <p>I = Ineligible to vote.</p>	<p>Calculation:</p> <p>Points are tallied for all actions rated where the member was present and voting or otherwise could have taken an action (such as refusing earmarks or signing a discharge petition). After points are totaled, they are divided by the potential points a member could have earned by supporting the pro-growth position.</p> <p>To account for all votes that impact spending, taxes and significant regulations, 10 points are counted for an "A" grade in the National Taxpayers Union rating of Congress, 8 points for a "B+", 7 points for a "B" and 4 points for a "B-". Three points were awarded for signing a a discharge petition that sought to force a vote on a pro-growth Energy Bill (H.R. 3089). Finally, three points were given as bonus points for sponsoring bills that would in total reduce federal spending, as measured by the NTU Foundation BillTally report.</p>
